

Just a few hours from our [live blog coverage of Palm's CES Event](#) . Will they bring the new-ness? Some have dubbed this event make or break for Palm. I've traveled 15 hours (if include layovers and check-in) and ready to head over to the Venetian Hotel to provide blow-by-blow coverage.

Watch it unfold on our live blog event at [everythingtreo.com/live](http://everythingtreo.com/live) . Coverage will begin on or around 2:00 p.m. EST.
